Valleyites Write Official Song For County Fair

The Southern California Exposition, which runs the Del Mar County Fair signed an agreement last week to use a song written by two Spring Valley composers — Tommy Thomas, managing editor of the Spring Valley BULLETIN and Lee Clapham, pianist and accordionist on the staff of the Coady School of Music in Lemon Grove.

The song, "Fairest of the Fair" will be used this season as the official song at the fair. Thomas said he got the idea for writing the song when he discovered that there was no official one. He wrote the lyrics, then went to Clapham, who wrote the music in about 30 minutes.

The song is being scored for big bands.

"Fairest of the Fair" was turned over to Dr. Garry White, coordinator of music for the Exposition, who discussed it with directors. The song will be played over and over at the fair this year.

Thomas and Clapham coordinated on several songs during past years. Although they aren't being paid for this one, they believe it will certainly promote them as a song-writing team.

33 Teachers To Ride Herd On 1,250 Students In L.G. Summer School

Five weeks of summer school will start for Lemon Grove youngsters June 25, the school board announced Monday night at the regular meeting.

There are 806 elementary and 455 junior high school applicants. Thirty-three teachers are being assigned to teaching duty, Byron Netzley, district superintendent told the board.

School hours will be 8:30 to 11:30 a.m.

The board also set school year dates for 1962-63. There will be 177 teaching days starting Sept. 11 and ending June 13, Netzley said.

The budget study, which usually lasts several meetings, got under way Monday. Trustees re-adapted the salary

schedule now in effect for the coming year for teachers, administrators and classified employees.

In other business the board approved the holding of a carnival on the junior high school playgrounds August 15-19 by the L.G. Pony League. Al Burke represented the League. A professional carnival group will supply attractions.

A claim for \$60,000 resulting from a Lemon Grove couple's injury in connection with a school bus accident was turned over to the district's insurance carrier.

He suggested that \$100,000 worth of liability insurance be acquired at a cost of \$3,340 for three years coverage. BOY, 10 DROWNS IN STORM FILLED POND

Tragedy struck a little boy's family Saturday when Thomas Markley Penery, 10 years old, slipped from a plank raft in a hidden hillside pond and drowned.

He is the son of Mr. and Mrs. John Penery Jr., 8403 Adams st., Lemon Grove.

Efforts of the doctor and members of the L.G. Fire Department to revive the boy was futile.

The 50 by 200 feet pond, hidden in a hillside depression in the 7800 block on Grove place, north of the freeway, was filled by recent rains.

Tommy, together with Billy Peterson, 9, of 3402 Washington st. and Mark Lehigh, 9, of 8102 Lincoln st., both of Lemon Grove, had packed a picnic lunch for an outing at Collier Park in La Mesa. The pond proved too inviting and the three youngsters used two planks as rafts to obtain tadpoles.

Tommy, a capable swimmer, slipped from his raft and swam to the center of the pond where he disappeared.

Mrs. Henry Kent, who lives on Grove pl., called the Fire Department when one of the boys ran to her house for aid.

Capt. Mark Foote and Engineer Jim Sanchez dove into the water fully clothed in a vain attempt to save the boy. The boy's father found the body. He had been alerted by a resident near the pond who saw the boys in the water, recognized the Penery child and called his home.

Tom Penery

The fire crew's attempt to revive the boy was unsuccessful although resuscitator and mouth-to-mouth efforts were utilized. Dr. Sam Smith, who arrived at the same time as the firemen, was unable to restore the youngster's breathing.

Services were held Tuesday for Tommy, a student at Golden Avenue school, at Conrad's Lemon Grove Mortuary followed by cremation.

He is survived by his father, a director of the Inter-American Education Foundation, and his mother, two sisters and a brother, and his grandmother, Mrs. John Penery Sr., all of the Adams st. address. Another grandmother, Mrs. John Markley, lives at Visalia.

How To Vote On Issues

The primary ballot for the June 5 election is a big one. Electors have been drummed by candidates through newspaper columns, in-the-flesh meetings, by radio and tv until it is hard not to believe that the opponent is a crook and salvation may come only by voting for the guy you heard last.

We therefore suggest that you vote for the candidate in your party from whom you heard last.

Propositions and Measures are a little different. Some are complex and hard to understand. Others are so dreadfully written that voters fail to take the time to try to understand them. Often, an elector casts a "no" vote simply because it is easier to "no" than to take time to understand the issue. For those who may need guidance for this or other reasons, here is this newspaper's recommendations:

An Approach To War Potential

Fifty students making up the Applied Arts and Science class in World History at Mt. Miguel high school approached the most serious problem facing the world today and handled it most creditably.

They sought the answer to the question, "Will There Be War?"

These youngsters reviewed all history's wars between nations or civilizations to ascertain the ingredients needed to spark conflagrations. They strung out all the wars, ascribed their causes and surveyed the results of each. Then the class boiled down its findings to six causes to establish whether or not we face WWII.

The six basic causes for wars of the past, they decided were these:

BOUNDARIES AND COLONIES: The Persian, Punic, Second 100 Years', French-Indian, Crimean, Chinese-Japanese, Russo-Japanese, WWI, WWII, and Korean Wars had an overall cause in the hope of expanding boundaries or obtaining colonies.

MILITARISM of Sparta prompted Athens to seek a balance of power in the Peloponnesian War and the civil war destroyed Greece.

POWER: through conquest together with aggressive militarism were the causes of Alexander the Great's Conquests, Napoleonic War, Punic War, WWI and WWII.

REVENGE for previous losses weighed heavily among the causes of the Franco-Prussian War, WWI and WWII. Military aggression, imperialism and aggressive nationalism were strong factors in WWI and II, however.

RELIGIOUS INTOLERANCE led to the Crusades of the Christians and the religious wars of the Mohammedans.

RACIAL INTOLERANCE, as well as imperialistic ambitions led to the Boer War.

The social studies class then sought the same six ingredients led to the Boer War.

Grossmont High School District Board Okays N. E. A. Projects

Advance approval was given by the Grossmont Union High School District board of trustees for National Defense Education Act projects for the 1963-64 school year subject to available finances at a recent meeting of the board. The projects will provide for purchase of equipment needed to complete the standard lists in the seven high schools and also to equip the eighth high school planned for construction in the Santee area.

Of the total \$123,277.86, one-half will be financed by local district funds and one-half from Federal NDEA funds. "This equipment is greatly needed to meet the need for improving instruction in biology, chemistry, physics, mathematics, and

language," said assistant superintendent John T. Warburton. The selection of the materials was developed by subject committees meeting with Warburton and associate superintendent Harold Hughes. Mrs. Portia Goode called attention of other board members to the fact that teachers in the Grossmont District were highly qualified through graduate study in the subject matter fields, thus qualifying the district for making the application. Some of the advanced study was financed through grants by the National Defense Education Act and the National Science Foundation.

The purpose of the National Defense Education Act is to improve instruction in specific subject matter fields considered to be particularly relevant and important to the National Defense. "Consideration is now being given to extension of the National Defense Education Act to other subject matter areas," said Warburton.

NAGY'S QUALIFICATIONS

John Nagy has already spent more than a year in Sacramento as a legislative advocate, and you can vote for a man with this experience. Nagy is a former teacher of economics and is a graduate of the Pittsburgh School of Economic Science. He is a tax consultant and was a Chula Vista business man for 14 years. He is a World War II combat veteran, community leader, Boy Scout official, church member, father of five boys. He is endorsed by Democratic leaders, clubs, businessmen, teachers, city and state officials, labor leaders, attorneys, clergymen, patriotic groups.

Member of:

Elks, Knights of Columbus, California Democratic Council, Apartment House Owners' Association, Veterans for Kennedy, Pop Warner Football Conference, Chula Vista Democratic Club.

Nagy Advocates:

Tax reduction for homeowners and businessmen. Property taxes on homeowners are at the saturation point. No one answer to reduce taxes on homeowners will be a complete solution. But Nagy agrees with the rising chorus of expert opinion that the first point of attack should be to EASE the too-heavy tax burden on houses and other improvements, and make the excessive profits on land speculation provide much more of the tax revenue. Land speculation does not create jobs, and jobs are what we need. Nagy will be a leader in the fight to pass legislation to help industry create more jobs, and to give tax relief to homeowners.

Social Security Question Box

by Guy Deeks,
Social Security Editor

In place of the usual questions and answers about Social Security, that appear from time to time in this space, we are offering the following important announcement:

June 30, 1962, is an important date for people who have earned social security wage, or self-employment, credits, but who are now disabled. If you are one of these you can apply until then to have these credits protected for all the years you have been disabled. You can also get cash disability payments.

After June 30, 1962, your credits can be protected for only the last year of disability. If you have been unable to work before 1961, and don't apply before July, you might not qualify for any disability payments. You may even lose your right to all future payments to you and your dependents based on your earnings. Even if this does not happen, the amount of your benefits would probably be lower.

If you have questions about social security, send them to this paper c/o Guy Deeks.

Attention Voters!

Are you sick and tired of the soaring spiral of Government spending and taxes?

Are you disgusted by the waste of tax money that is going into "give away" programs?

Are you alarmed at the soft attitude toward Communism and the trend toward Socialism?

If you are fed-up with new deals, queer deals, new horizons, etc., and want to do something about it—vote to send me to Congress so I can help to do something about it, too.

I have always believed in the traditional American virtues of thrift, honesty, free enterprise, the dignity of labor and "common sense" economy.

My face-to-face campaign of the past few weeks with thousands of men and women voters in the 37th Congressional District convinces me that I CAN BE ELECTED, and it is my belief that Republicans, and Democrats too, will unite behind me in a drive for a more responsible government.

Your support will be deeply appreciated.

Letters To The Editor

Dear Editor:

I just wish you were here so that I could take you to a real Danish luncheon. That would be something! The only trouble with the program would be that Lemon Grove and surrounding territory would probably suffer because of your desire to stick around over here. Believe me, this is the land of not only milk and honey but of beer, bacon and all the other good things in life, and the best part of it is that the people here know how to enjoy it and believe in doing so. Also, they insist on showing the stranger within their gates hospitality of a kind that he cannot possibly forget. Some day maybe we can enjoy a little of it together. Let's hope so!

One of the reasons for writing you at this time is the fact that I feel very keenly about the election which is to be held June 5th next. As you know, the voters at that time will decide who will be their representative for the next few years on the Otay Municipal Water District Board. As you also doubtless know, the La Presa District has been represented in the last few years, and is now represented by Ralph W. Chapman. His record of clear thinking and energetic constructive action on both the Otay and the La Presa Water Boards speaks for itself. I feel very keenly, as a citizen of the district, and as a representative of the La Presa County Water

District Board, that the best interests of La Presa District will be served by having Mr. Chapman remain on the board. In addition to his very enviable record on the two Boards above mentioned, I have had the pleasure of knowing Ralph for a long period of time, and my respect and regard for him as a man of absolute integrity and exceptional ability has grown as time went on.

I am bothering you with all this because I know how sincerely interested you are in the progress of the community and your paper so ably represents, and I would appreciate as a citizen of the community your giving as much space to Mr. Chapman's candidacy as you possibly can. If you agree with the facts presented above I am very sure that you will be serving the best interests of the people if you do so.

With kindest personal regards, and looking forward to the pleasure of visiting with you again personally in the near future, I remain,

Cordially yours,
F. J. Hansen of La Presa

Dear Editor:

On the primary ballot June 5 is a list of candidates for "County Central Committee." In the heading are instructions to select six names. To many newcomers and the uninformed I wish to furnish this information:

Each party, according to State law, elects six persons from each assembly district to that party's County Central Committee for two years. During this period the Committee directs the party's business affairs, raises funds, and promotes precinct work. The election is only in the primaries as it is a party function, not a candidate selection for the general election. Membership in the committee does not provide any compensation. It simply provides the party with a group of elected representatives to carry on the party's work.

Names listed in this section are listed by order of drawing. I am one of those who wish to be elected to this committee on the Republican Primary ballot in the 77th District. Because I am the Republican Area Precinct chairman for L.G., an active worker for the Republican party, and retired from gainful employment, I feel that I can serve the GOP well in the Central Committee if elected.

The DIMMER VIEW

(Continued)

ents into today's simmering cauldron. Here is what they found:

MILITARISM has reached great heights, within countries and between East and West. Arms and Space races grow.

POWER-HUNGRY dictators seek to expand their present control.

COLONIALISM is as strong today as was old-time imperialism. Only goals and methods have been changed. Russia's colonial empire was acquired through force, infiltration, annexation and cold war. Economic and ideological imperialism are also cold war tactics.

NATIONALISM is used as a major force to excuse, as well as fight, aggression.

RACE WARS and **RELIGIOUS INTOLERANCE**, rampant in Africa and Asia may well provoke a major war.

Treaties, alliances and international codes mean little today. There is even a different code for the East than for the West in the thinking of many neutral and small countries. International anarchy has blossomed despite the United Nations.

Then the class of 50 took a vote. Twenty said a major war would come in the next decade; seven said war would come if disarmament failed, if China and other countries develop the atomic bomb, or if a Stalinist gains Soviet power.

Twenty-three said there would be no WWII in the next decade due mostly to the fear of total nuclear annihilation.

What do you say?

Demos Lead In Registrations

The Democrats will sweep into office this fall if voters vote the way they are presently registered.

In total votes, Democrats command a good, clean 10 per cent advantage of the opposing party.

Demostrators hold a respectable lead in three of the five supervisorial districts. These districts, Gibson's (1) and Cozens', (5) are in the north county. Bird (2), Dent (3) and Austin (4) are heavily Democratic.

Republicans can claim two assembly districts. These are the 78th Luckel and the 80th (Schrade). The 76th (House) 77th (Hegland) and 79th (Mills) are of the opposite persuasion. The 80th is more heavily partisan than any other district.

Congressional Districts numbered only 20 before re-districting. We now have three numbered from 35 to 37 inclusive. One, the 37th, shows a Democratic plurality of almost 35,000, or an amount which equals more than half of the total registered as Republicans in that district. Only in the 35th does the Republican registration outnumber the opponent.

Here are the registration figures:

Supervisorial	Rep	Dem
1st	44,241	38,374

Letters To The Editor

Dear Editor:

I am sure happy to see that the people around Lemon Grove, Spring Valley and east county have convinced the school board we have the voting power here. Now to prove this let me remind you that we defeated the 7 1/2 million dollar junior college bond issue in the latest election in the district. But the board has brought the issue back on the ballot with Prop. T. Now directly below (on the ballot) is Prop. U which is for \$500,000, to buy land, of all places, in the Monte Vista area.

This is a beautiful example of the will of the people being respected by the board. So remember to vote No on Prop. T and Yes on Prop. U, and we do need Prop. W which is for normal expansion purposes. By voting in this manner you will be placing the junior college in the eastern part of the district where it belongs, not in the northern part where we can expand no farther.

Dear Editor:

The "Dimmer View" scores again!

"However, the President's now famous Inauguration Day quote, "Ask yourself not what your country can do for you, but instead what you can do for your country," still deserves the prize. That phrase with its ringing tone gave us hope for a little while... hope that perhaps the best man had won after all. But before six months were over the words came back to haunt us. So we ask ourselves, "What IS the most important thing we can do for our country?"

In answer we decided to devote all of our energy and time to fighting the New Frontier tide of Socialism. Right now the most important things we can do is to get out and work for good, strong Conservative candidates; help elect men who are dedicated to preserving our freedom and Constitutional government. Men like Joe Shell, Danny Thomas, Pete DeGraaf, Max Rafferty... who are not afraid to stand up and fight.

What can you do? Everything! What if you can't be bothered? Well, some day you can tell your children what it once was like in a free country.

Sincerely,
N. F. Kindred

Dear Editor:

There is some confusion as to the validity of endorsement claims being made by candidates. Letters from baffled readers have been printed in local papers. Certainly, the readers have a right to the facts, especially in the 77th Assembly District where the Republican Assemblyman race has stirred charges of irresponsibility against Richard J. Donovan.

Valleyite Asks For Aid On 'Baja' Work

A Spring Valley man who is founder and director of a growing "hand across-the-border" organization, the non-sectarian Mexican Fellowship, Inc. said last week that the organization has so many projects going in Baja California that more help is needed.

Irwin Ford of 10148 Sierra Madre st., S.V. said that an article last year in this newspaper about the work of he and his wife with the Mexicans "did a lot of good." And the Fords again invite anyone wishing to help with the project in any way, to get in touch with them.

Kenneth J. Froman, president of the Mexican Fellowship, Inc. is taking care of public relations for the organization. He reports in a letter from Pasadena that work has begun on Centro De Amparo orphanage. This is a project of the Fords. Froman's address is P.O. Box 485, Pasadena, Cal.

Many Trailerites Enjoying
Life Here In Spring Valley

Between 1,500-2,000 people live in about 500 mobile homes along Sweetwater Springs rd. Two of the trailer parks where they live are Lakeview Manor Mobile Lodge and Traileroyal.

Both Lakeview and Traileroyal are so large that they are like small cities, with trailerites enjoying social functions together. Following are reports from the two mobile home parks.

Lakeview Manor Lodge
Growing; Has Own
Elected Officials

by the
Mobile Home Reporter

Although our mobile home park has been in existence for quite some time, this is the first time we are being heard from. At the present time our park has 104 spaces rented, with about twice that number of residents, and we are growing. Our Park chairman is Mrs. Evelyn Westfall, assistant chairman is Mrs. Marge King, and our secretary-treasurer is Cy Perkins. These officers are serving a term of six months and then other residents will have their turn at these duties, come next election.

Our monthly potluck dinner was held May 26 and we had the usual good turnout. There is always an abundance of delicious food, and a good time was had by all. The monthly park meeting followed the potluck dinner, and later folks enjoyed cards, dancing and just getting better acquainted with

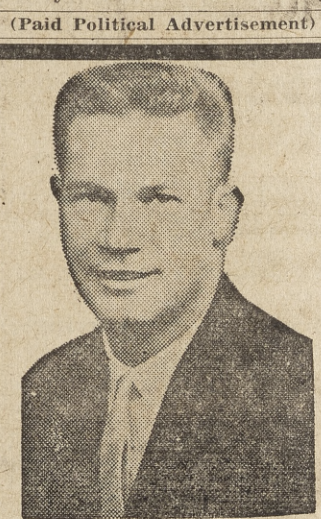

their neighbors.

Newcomers to the park in recent weeks have been: Edgar and Margaret Asbury, Euford and Harriet Atterbury, Bill and Zilpha Carroll, Carl and Zella Custer, Chuck and Mary Ditzler, Mickey and Molly Johnson, Billy and Roberta Little, Carl and Marie Olsen, Harold and Leone Schmuck, Fred and Gladys Scott, and John and Mae Walsh.

We are happy to report that Mary McIntosh is home from the hospital and recovering nicely. Port Bill Would Give Spenders
'Blank Check' Says Armstrong

Lemon Grove and Spring Valley could be taxed without representation and for services neither helpful nor desired, under the proposed S.D. Unified Port Bill, Frank Armstrong, Lemon Grove attorney, told the L.G. Kiwanis club this week.

Armstrong, as guest speaker, told the group that the Bill would give the Port Authority a "blank check" for expenditures and would permit budgeting, levying and collecting taxes without limit. A 3 percent maximum capital outlay tax is meaningless because money from other sources may be used for capital outlay purposes.

Under the proposal, the L.G. S.V. areas could be lumped in to the district comprised of National City, Coronado, Chula Vista and Imperial Beach and the combined vote of these communities would commit this area to their decisions. San Diego City would have one vote equal to the combined vote of the other group.

Armstrong said the Authority could issue promissory notes, \$200,000 at any one time "every day if they wanted" and the property of county residents in L.G. and S.V. would have to help foot the bill. "The inventories of every business man would be taxed in the same manner as the county taxes it now."

"We would also have to pay our proportional share of the present bonded indebtedness of approximately \$11½ million and would be required to assume a share of the indebtedness of the five cities on contracts for developing of tide and submerged lands in S.D. Bay," he added.

The tax base of S.V. and L.G. would be inviting to the bay cities and the law provides that unincorporated inhabited areas adjacent the bay cities may be included by a resolution of the board of supervisors.

Limitation of 15 per cent of the property value in the district as bonds is a weak control, Armstrong pointed out, since this is the highest rate allowed by state law in any special district. These revenue bonds can be issued by the Commission without a vote of the people, he said.

He called on members of the club to be aware of the dangers in the proposal and urged them to inform citizens of the area. "We cannot afford to give them (Port Commission) a blank check on taxing and spending. We won't even have a voice in who is to serve, or the ability of recall if the choice is bad," he said.

The council of each of the cities would have a representative on the Commission who could be removed by the council which appointed him, without notice or cause, he said.

"By this method the council can get its representative to do its will, or a replacement will be made," Armstrong said.

CUB PACK 153
GETS NEW MEMBERS,
GRADUATES TWO

Cub Pack 153 welcomed two new members and graduated two others into the Boy Scouts at a recent meeting in the Vista La Mesa school cafeteria.

lum. David Smith and Zeno Lee Jr., the new ones, were initiated as Bobcats by Cubmaster William Erickson.

After a graduation ceremony, Lynn Birch and Danny Davis were given Webelos badges, and scout handbooks and were greeted as new members of Boy Scout Troop 153 by Junior Assistant Scoutmaster Harry Dumond, who gave them their new neckerchiefs.

On the entertainment part of the evening program was a Den 6 skit which used the theme of the month—Islands of the world. Den 6 also staged a luau which included dancing to portray our new island state of Hawaii.

Presentation of awards also used the theme of islands. As each boy received his award, he became part of an island scene. Mrs. Shrinkle, Den 1 mother got an award and became a hula dancer on the island. Boys getting awards were: Kenneth McLaughlin, Lion and Gold Arrow; Terry Ungling, Bear and 1 year pin; Howard Smith, Bear and Denner; Allen Worley, Bear and 1 year pin; Danny Burke, Silver Arrow; Tommy Cryer, Silver Arrow; Mike Marr, Silver Arrow; Billy Kintz, Silver Arrow and Assistant Denner; Louis Shrinkle, Silver Arrow; Steve Stokes, Silver Arrow, 2 year pin and year perfect attendance medal and David Wakem, 2 Silver Arrows.

TRAILEROYAL RESIDENTS
PURCHASE NEW SAHARA

Mr. and Mrs. (Angelo and Lucille) Ressa, formerly of Bancroft Dr., Spring Valley, who have lived in a mobile home in Traileroyal for a year and a half, have just purchased a new mobile home, a 10 by 55 Sahara, with an expanded living room. Angelo, or Tony as many of his friends call him, is a retired World War I Army veteran, and is a member of the Foothills Barracks 1774 World War I Veterans. Lucille Ressa, who is interested in art and does some beautiful oil paintings, is the mother of Mrs. Frank Berger, Frank being the Spring Valley fire chief.

"Welcome to Spring Valley." This salutation is for Mr. and Mrs. (Harry and Amy) Schwerdtman, recently from Brooklyn, New York, who are in a new Great Lakes mobile home in Traileroyal. Amy, who is the sister of Harry Bridge, owner of the New Era Market on Grand Ave., was here in 1956. At that time she was a single gal, and was married on her return to Brooklyn. Harry Schwerdtman is a former bank-guard and a World War I veteran.

Four scouts completed a year as Den Chiefs in the pack and were given service stars. They are Danny Gord, Don Lester, Jimmy Ney and Robert Olson.

On Jamacha Unit

Expansion of San Diego Gas & Electric Company's Jamacha substation, doubling the service capacity of that facility, has been completed and the enlarged substation is now in operation. This involved an expenditure of approximately \$120,000 by the utility. The station is located on Highway 94 east of Casa de Oro and south of Calavo Gardens.

The southeastern portion of El Cajon Valley, Calavo Gardens, Casa de Oro, Spring Valley, Jamacha Valley, Jamul, Dulzura, Barrett Lake, and Barrett Junction are served with electric energy from the Jamacha substation.

HAROLD L. ORD
Democratic Candidate for
Assembly
77th District

This will be the last of my series of letters, addressed to you, the voters, who will go to the polls June 5th.

I believe my program is one both parties would like to see pushed forward. If the government adopts the canal route via Tijuana River to the ocean, it will then be up to San Diego County people to get it extended to form an international seaport at the Ysidro-Mexican border.

My broad experience in farming, ranching, railroad (from section hand, fireman, brakeman to bridge) and the building construction trades in general, gives me an understanding of both management and labor, needed so very much in Sacramento.

I realize that to serve you, the public, will require long hours of time, spent day and night in the study of the many problems that have to be solved. Frankly, I had hoped to back my son, John Dennis Ord, City Councilman of Imperial Beach, but he has two more years to serve on the council and expects to finish his last year in college at Cal Western next season. So I hope to pave the way for him by running this time myself and serving you well.

The assurances I have received over the district lead me to believe that I shall be your nominee. I have no expensive billboards, no radio broadcast money. Who is paying the bills for others? Too often, special interests pay considerable money to get their man in office and hence favorable legislation. Downtown papers stated early that they would slant the news to favor their selected candidate. Think that over.

I am counting on the working man, the small business man and the pensioner for support. May I have?

TO THE
Board of Directors
Otay Municipal Water District

DIVISION No. 3

In the little-over-a-year that Ralph has been a director on the Otay Board, the Otay tax rate has dropped from 65¢ to 33¢ per \$100 assessed valuation. He has worked hard to broaden the tax base by encouraging the development of all lands within the Otay District, thus making possible further tax reductions in the coming year.

Tax Rate Reduced from 65¢ to 33¢

Reduced the budget from \$142,013 in 1960-61 to \$103,000 in 1961-62

DeGRAAF SAYS 7 YEARS OF COUNCIL EXPERIENCE DESIRABLE

Pete DeGraaf, Republican candidate for Assembly in the 77th District said this week that his seven years of council service for the city of Chula Vista would stand well for the voters if he is elected.

"I meet a businessman's payroll every week, as I have done for years, and I pay the heavy tax burden imposed on business," he said. I have very definite ideas concerning these matters for legislative exploration," he added.

Control of narcotics, pornographic literature and overhaul of the welfare administration would be among matters to which he would give his attention as an assemblyman, he said.

L. G. Junior High Choral Group To Sing For V. L. M. PTA

The Lemon Grove Junior High School choral group will present a program for members of the Vista La Mesa PTA at that group's meeting on Thursday night of this week at the school.

Also on the PTA program will be the assistant superintendent of Grossmont High School. His talk will concern the coming school bond election. The PTA will install officers, hear a convention report from president Mrs. E. B. Koenekamp and hear the historian's report at the meeting. Kindergarten mothers will be hostesses.

A surprise luncheon for Mrs. Koenekamp was held May 29 at the Town & Country Motel. Hospitality chairman Mrs. E. M. Villalino was in charge of the event. Special guests included Clarence Allen, VLM principal and Mrs. H. M. Schockley, a VLM PTA past president.

Our Own Advice: When anybody asks you about your health, don't take it seriously.

SHELL SAYS ONLY HE CAN BEAT GOVERNOR BROWN

The spectacular campaign drive of Republican gubernatorial candidate Joseph C. Shell roared into the final stretch this week as the nation's political spotlight swung rapidly into focus on California's red hot GOP primary battle.

Pushing hard toward the June 5 election showdown with former Vice President Richard Nixon, the 43-year-old Shell uncorked the biggest shot of the race last Wednesday night in a major address in the spacious Los Angeles Sports Arena before a throng estimated in excess of 10,000 cheering partisans.

Hailing what he called "the rebirth of the Republican Party," Shell stunned a statewide television and arena audience with a point-blank blast at Nixon's campaign tactics and voter appeal.

"Richard Nixon is a loser," Shell said, pointing to GOP congressional losses in 1954 and 1956 when Nixon controlled the campaign leadership and to Nixon's own defeat in the 1960 presidential race.

"I want the Republicans to elect a governor in November," he said. "I know that I am the only one who can be elected. I know I am the only one who can beat Pat Brown."

The trouble with many filing systems is the stuff they file.

NAGY SAYS STATE'S PROGRAM CAN BE SOLVED BY TAX REFORMS

"I am a candidate for the State Legislature because my experience in Sacramento as a legislative advocate and my experience in traveling around the state talking to businessmen and workers and homeowners has convinced me that tax reform is imperative if the California economy is to be made healthy - and it is sick now," John Nagy, Democratic candidate for the Assembly in the 77th District said this week.

"When I was in Sacramento for the 1961 session I noted that the Legislature did not seriously face up to the economic situation in the state. It did not pass laws to help business and industry and workers and homeowners and farmers. So I decided to run for Assembly to help other good legislators bring these matters to the attention of the people, and to correct the situation, he said.

High local property taxes and the inflated price of land are keeping industry away and depressing the economy of the state and the San Diego area. I intend to do something about it when I get to the Assembly because there are no good reasons for having 29,000 unemployed in San Diego county, 6,000 vacant new houses, and marginally employed persons earning anywhere from \$15 to \$50 a week, he said.

Ray Graham Home From Hospital

He was hospitalized for a stomach ulcer and his condition improved to the extent that he was released several days ago.

He lives at 7512 Roosevelt st., Lemon Grove.

Luckily, the younger generation doesn't accept all the advice that parents offer.

Auto, truck, trailer and motorcycle salesmen may renew their licenses at any DMV field office or by mail. The annual fee is \$10.

BONDS: HOUSING FOR THE AGED AND PHYSICALLY HANDICAPPED. NO X

Proposition No. 4 masquerades as a low-rent housing program for old people, but actually it opens the state treasury to public housing bureaucrats to help themselves under no effective control by the state or its counties and cities.

WHY VOTE "NO" ON NO. 4

1. NO. 4 GIVES AWAY STATE MONEY. In addition to \$100 million of bond money, No. 4 provides that General Fund tax money may be spent on these projects. It obligates the State's money and credit to stand behind any losses.

2. NO. 4 GIVES PUBLIC HOUSING AUTHORITIES UNCONTROLLED POLITICAL POWER. They may build where and when they want. Constitutional protection of local areas against undesired housing projects is nullified. Projects are exempted from local and state taxes, shrinking the tax base, increasing tax burdens. Housing bureaucrats have full power of condemnation over homes and property.

3. NO. 4 WOULD OPEN A PANDORA'S BOX OF EVILS. It would attract hordes of old people from the rest of the United States to add to our tax burdens. Their theme song would be "California Here I Come." Our taxpayers' theme song would be "California Here I Pay."

Lemon Grove Teacher's Article Published In National Magazine

Mrs. Elizabeth June Higgins, third grade teacher at Lemon Grove's San Altos school and part-time District Teacher Consultant, is among the contributors in the June issue of THE INSTRUCTOR Magazine, a nationally circulated publication used by 700,000 elementary school teachers and educators.

Mrs. Higgins is the author of a unit to help primary children understand the "Concept of Survival," the title of her article. The author was faced with the question, "Is it wise to include the topic of survival in your primary curriculum?" Realizing that even the youngest children are instructed in safety, the purpose of which is survival, Mrs. Higgins presented a series of short units, showing how plants, animals and man have adapted to their environment. This was followed by a unit on facing the future, correlating survival with present-day living.

The article describes the procedure and activities used in conducting this project. In evaluating the unit, the author states that the children learned that survival actually meant finding the best way to keep people alive without the benefit of conveniences which they usually take for granted.

A graduate of San Diego State College, Mrs. Higgins resides at 7383 San Miguel st.

SPIRITUAL ALERTNESS NEEDED TO MEET TODAY'S CHALLENGE

Spiritual alertness is needed to meet the challenge of today. This is a theme of the Lesson-Sermon entitled "Ancient and Modern Necromancy, Alias Mesmerism and Hypnotism, De-nounced" which will be heard at all Christian Science services on Sunday. The Golden Text is from Jeremiah (29:8), "Let not your prophets and your diviners, that be in the midst of you, deceive you, neither hearken to your dreams which ye cause to be dreamed."

The Responsive Reading will include Paul's advice to the Ephesians (6), "Be strong in the Lord, and in the power of his might. Put on the whole armour of God, that ye may be able to stand against the wiles of the devil."

LOS ANGELES (Spcl) "The Ever-Present Shepherd" will be the subject of a Christian Science program to be given on the Columbia "Church of the Air" series, in cooperation with the Christian Science Church on Sunday, June 3, at 7:30 a.m., over Radio Station KNX (1070 kc).

Youth Instruction Program Stepped-Up At Trinity Presbyterian

The Trinity Presbyterian Church's communicant's class for youth has been given a new name, "Catechumen Class" and a stepped-up program of monthly field trips to see the church in action has been planned, the church reports.

Catechumen comes from a Greek word meaning "to instruct orally" and the idea was initiated in Jerusalem in 348 A.D.

This Sunday, June 3 at 3 p.m. an orientation class for both youth and adults will be held. June 3 is regular communion Sunday at Trinity Presbyterian, with services set for 9 and 10:45 a.m.

This Saturday at 6 p.m. the Windjammers — young couples group — will hold a luau at the home of Jack and Barbara Peck. THOMAS ASKS FOR FEWER SOCIALISTS IN GOVERNMENT

Danny Thomas, a Republican candidate in the 37th Congressional District told the La Mesa American Legion Sunday that President Kennedy, when he was a Senator, said "There is treason in high places—we must search out and spotlight those who must bear the responsibility for our predicament."

"If only he felt this way today," Thomas said, "I believe we could halt the march of slavery and atheistic philosophy."

"It would be refreshing if we had more men in government who are not socialistic minded. They are selling the American Idea down the river."

"Only a complete investigation of the State Department will ever bring Senator Kennedy's remarks to fruition," he said.

Mother Of Six In Assembly Campaign

Candidate Sarah Betts of Lemon Grove with Terry Lou, Linda, Sally, Bert, Randy and Le Ann.

Sarah W. Betts, the Democratic candidate for Assembly in the 77th District has spent three sessions in Sacramento as wife of the State Treasurer. Pictured here with her six children, three of them teenagers, she says that her experience at the capitol would serve the voters well. "It usually takes two sessions to get fully acquainted," she pointed out.

"San Diego has many problems that need solving. With our community in the path of dope peddlers we must take the profit out of narcotics and close the loopholes protecting pushers. My six children, and yours, could be exposed to this dread menace. We must stop it."

Mrs. Betts graduated from Hoover high in 1942 then worked at Convoir as a typist. She then worked for three attorneys then quit to get married. As she tells it "After I married I traveled for a year with my husband and on return to S.D. I was employed by Union Title. I quit to start family. During the next few years, besides

raising family, I worked, when needed as typist in accounting office—sold Christmas cards to supplement income at holiday season, during the years husband was attending night school.

"We moved to L.G. in 1951 where I became active in Lemon Grove Jr. Woman's Club, and in County Federation, serving as Civil Defense Chairman. I participated in campaigns for Red Cross, March of Dimes, Easter seals, was Neighborhood chairman of United Success Drive, both in Sacramento and Lemon Grove, Sacramento chairman for Multiple Sclerosis. I was active in Girl Scouts, Cub Scouts, Blue-Birds, Camp Fire Girls. I have donated pool for several years for Red Cross "Backyard swim campaign". I am member of PTA in all three levels of schools, with two children in each school. Sacramento chairman "Key Women for Kennedy." Sponsor for four years, Los Angeles Democratic

DOLWIG DENOUNCES AS 'LIE' ATTORNEY GEN. MOSK'S REPORT

Senator Richard J. Dolwig charged that Gov. Brown limited the circulation of a special June, 1961 report from the Governor's Commission on Narcotics which labeled the dope pill situation in California as "alarming" and "grave" and which warned that possible disability and death face juvenile users.

Dolwig, candidate for Attorney General's office, said he had tried for months to obtain the report from the Governor's office and was repeatedly told that copies were not available.

"I finally obtained a photocopy from a confidential source who told me the Governor's office wanted the report out of circulation until after the November elections.

"The report, written by men appointed by the Governor himself, makes a complete lie of statements issued by Atty. Gen. Mosk, the head of the Bureau of Narcotics Enforcement, who has repeatedly claimed that the narcotics situation in California 'is not out of control.'"

Grossmont College Looks Forward To First Year Of Competitive Sports

GRIFFIN ATHLETES START VYING IN SEPTEMBER

Come September, newly-born Grossmont Junior College will march into the realm of competitive athletics for the first time. The Griffins will do battle with athletes throughout Southern California in football, basketball, wrestling, cross country, track, baseball, golf and tennis.

The foes in these sports make up the tough Eastern Athletic Conference. Southwestern Junior College, another local newcomer is a competitor in this league, and San Bernardino, Santa Ana, Fullerton, Mt. San Antonio, Chaffey, Citrus, Orange Coast and Riverside junior colleges are the others.

INTEREST GROWING

Grossmont head coach Jim Erkenbeck, former gridiron star at San Diego State College said this week that there's growing interest in Lemon Grove, Spring Valley

and other local communities in Grossmont College's athletic program.

Local fans will be able to see football games of the Griffins for a dollar. The public will be invited to most of the other sports activities free of charge. Football games will be held at Helix high school stadium, basketball at one of the local high school gyms and baseball and tennis at Monte Vista High School, where Grossmont College shares the campus.

PRO PITCHER ON STAFF

On the sports staff with Erkenbeck will be Noel Mickelson, a veteran athlete who plays pro baseball in off-season. This summer he will pitch for the Hawaiian Islanders and will return in the fall to coach baseball and basketball. Mickelson, who holds an M.A. from the University of California said he thinks the Grossmont Junior College District is extremely good talent-wise for baseball.

Coach Mickelson also expects to put together a strong basketball crew, although the Eastern Athletic Conference is probably toughest in this sport.

SHELLEY TO COACH

Another member of Grossmont's athletic staff will be M. E. (Mickey) Shelley, who holds an M.A. from the University of Oregon. He will be coach of cross country, wrestling and track. Like head coach Erkenbeck and coach Mickelson, Shelley sees the first year of sports as one of orientation but also one of unknown possibilities for the Griffins.

Bob Rump, who will arrive here in July will be the Griffin tennis coach.

With the aid of Rump, who coached at Citrus College as backfield coach, and Jay Summerhays, who played guard for the University of California at Berkeley as line coach, Erkenbeck will be masterminding the strategy of the Griffin football team.

MIGHT BE A COMER

"I think we're going to fool some people," Erkenbeck said lately. Griffin prospects include 19 players who've been in college football, and joining them will be a freshmen crop of players who have been on the high school gridiron. Added to this manpower is the increasingly evident enthusiasm toward Grossmont College which makes Erkenbeck believe that the football team might come out unexpectedly good in its first season.

He's very likely the one to know. Behind him are two years as assistant coach at Grossmont High School, two more years as head coach at El Capitan High School and one year as line coach at San Diego State College. While attending State College, Erkenbeck played center and linebacker, winning the distinction of all-conference for

Summer Bowling For Youth Starting

A special summer program for children and juniors will

get underway on June 18 at the Lemon Grove Bowlero. The cost will be \$1.15 a week for each participant.

The Bowlero announced that the program will include three divisions—bantam, 7 to 11 years old; junior, 12-15, and senior, 16-18. Each of these divisions will be made into beginning and advanced groups.

Applications should be filled out at the Bowlero no later than Wed., June 6.

Highlights of the summer bowling program for youth will be free instruction for beginners as well as free bus trips for all—not just winning—participants. Destinations will include Knott's Berry Farm, Belmont Amusement Park and a skating rink and other places.

The Bowlero said the summer bowling program is designed "to teach young people to compete in a sport with courtesy and fair play, and to keep them occupied with an interesting activity." Further information is available by calling the Bowlero at HO 3-6691.

two years. He was also named to "little" all-coast football team.

TALENT ON HAND

As Grossmont coaches take stock of the raw material potential with which they will work, they can't say for certain what fall will bring. Some talent is certain.

In Griffin football will be Dave Morris, center, Hoover

High school all-CIF man; Don Royal, guard, who played first string on the SDSC Frosh team; Bill Ernest, a Helix grad transferring from Glendale junior college who was player of the year in the San Diego metro letgure in 1958; Bill Leep, end and tackle, of Mt. Miguel High School; Wayne Carroll, half-back, of Granite Hills High School, an all-metro selection of

1960, and Jim Buckner, fullback from Grossmont High School, an all-league selection this season.

In basketball, Roger Rialto, Bill Bruce and Mike McCandless are expected to shine and George Shaeffer in wrestling, Don Phillips in cross country, and Jack Watkins and Ed Speed in track will bolster Grossmont Junior College in sports.
